KEY STRENGTHS

- **B2B sales junior with a software engineering background** — proven field outbound execution (20% prospect-to-meeting conversion), lead qualification (MQL→SQL), and CRM/data pipeline building
- Brings **technical credibility** to translate complex product capabilities into customer value
- Moves deals forward **from first contact through SQL and AE handoff** — combining business development instincts with technical fluency to drive revenue growth

PROFESSIONAL EXPERIENCE

Rainbow Robotics | Sales Enablement Intern

Apr 2026 – Jun 2026

Samsung Electronics affiliate · KOSDAQ-listed B2B robotics manufacturer

- **Trade-show lead enablement** — Equipped **26 field reps** with a mobile lead-capture app (OCR + quick-input) at a 5-day expo, cutting per-lead entry time ~80%; **consolidated 1,000+ multi-channel leads** and classified them by MQL/SQL stage for sales handoff
- **Outbound prospecting support** — Enriched and scored **1,500 US/EU** researcher accounts to help the sales team prioritize high-fit prospects, delivering an outbound-ready list ahead of their campaign
- **Sales operations** — Contributed to a cross-functional task force that consolidated fragmented SOPs into a 40+ page operations manual, reducing onboarding overhead

DeepCardio LLC | B2B Sales (SDR/BDR) Intern

Oct 2025 – Jan 2026

AI-based ECG analysis solution for healthcare · early-stage startup (~20 employees)

- **Secured decision-maker meetings via cold field outbound** — Conducted unannounced visits to 10 target screening centers; navigated gatekeepers to secure 2 decision-maker meetings within 2 weeks (20% conversion), one of which progressed to a closed deal within 1 month of AE handoff
- **Built the sales team's first lead database from scratch** — 6,000+ medical-provider records (n8n + public-data APIs), segmented by hospital size and exam type, structured into the team's first CRM
- **Pre-call research** — Built a tool (Google Apps Script + Gemini API) that auto-compiled account briefs (hospital profile, physician background, competitor adoption, tailored talking points), cutting prep time ~50%
- **Sales content** — Introduced a RAG-based clinical literature workflow that cut creation time for evidence-backed sales collateral by 50%+
- **Channel engagement** — Ran LinkedIn content that grew impressions and followers over one week, generating 2 inbound B2B collaboration inquiries

POSTECH (MCNL Lab) | Undergraduate Research Intern

Feb 2022 – Aug 2022

Network & P2P blockchain algorithm research

- Built an automated network test environment (Docker, Python, Go; 70+ nodes), improving execution time 33% (45 → 30 min); authored technical documentation for reproducibility and knowledge transfer
